

Prof. Santos (D.Sc. Tech., Chem. Eng.) is an Full Professor in Pharmaceutical Nanotechnology, Head of the Nanomedicines and Biomedical Engineering Group, and Director of the Doctoral Program in Drug Research at the Faculty of Pharmacy, at the University of Helsinki. He is also a Fellow Member of the recently established Helsinki Institute of Life Science (HiLIFE), the Director of the FinPharmaNet (The Net-work of Drug Research Doctoral Programmes in Finland), Chair of Controlled Release Society Focus Group in Nanomedicine and Nanoscale Delivery, AND Chairman and co-founder of Capsamedix Oy. Prof. Santos research interests include the development of nanoparticles/nanomedicines for biomedical applications. Prof. Santos is co-author of more than 300 publications (+9550 citations; h-index = 59), and more than 250 conference proceedings/abstracts. He has given over 170 invited talks at prestigious conferences, universities and schools around the world. Prof. Santos has received a number of prestigious awards and grants, such as the "Talent Prize in Science" attributed by the Portuguese Government in 2010, the European Research Council Starting Grant in 2013 and ERC Proof-of-Concept in 2018, the Young Researcher Award in 2013 attributed by the Faculty of Pharmacy of the University of Helsinki, the Academy of Finland Award for Social Impact in 2016, and honor nomination for the USERN Prize in Biological Sciences in 2017.
